Geoffrey B. King, Louis J. Barbich, and Michael J. Hooper

BHK is a regional accounting and consulting firm located in Bakersfield, California. Barbich Hooper King Dill Hoffman has approximately fifty staff members, including five shareholders. We currently serve over 2,000 clients, providing a wide array of services to domestic and international businesses. Our clients include individuals, agricultural companies, wineries, medical and dental organizations, manufacturers, real estate and construction companies, service companies, non-profit charitable organizations, and professional associations.

Why Select BHK as Your CPA?

- Our dedication to a high level of personal service is a cornerstone in the Firm's statement of philosophy.
- We take a proprietary interest in the success of our clients. It is this guiding philosophy, and the quality of our services, that provide peace of mind, rare in today's complex world.
- When possible, clients see and speak with the same professional year after year on their engagement.
- The Firm uses a timing schedule that is monitored for work completion within the agreed upon time frames. This schedule is preliminarily reviewed with the client for understanding and agreement, then followed for compliance.
- BHK is a regional firm. Our size and client base allows us to be industry driven.
- The excellent reputation of the Firm in the community, among peers, and with regulatory bodies was one of the principal reasons cited in our *Client Survey* for doing business with the Firm.
- BHK voluntarily submits to a peer review of technical performance in the accounting and auditing areas of its practice. The most recent review resulted in another unqualified opinion as to quality work and procedures.
- All professional staff members obtain a minimum of 40 hours per year of continuing professional education.
- Professionals from our firm have accepted leadership positions in the AICPA and the California Society of Certified Public Accountants. This has the dual benefit of keeping the Firm at the forefront of regulatory changes that may be of benefit to clients, and of maintaining access to a national and international network.
- We are participants in CAMICO, a mutual insurance company, that provides us with liability insurance coverage of \$5 million.
